

AHMED ESAM HASAN

Frontend Developer (React.js)

Cairo, Egypt | (+20) 1128284800 | (+20) 1550700209
iam.Ahmedesam@gmail.com | GitHub | LinkedIn

PROFESSIONAL SUMMARY

Frontend Developer with a background in software Engineering, bringing a disciplined and analytical mindset to building scalable and performance-oriented web applications. ITI Graduate (Full Stack PHP/Laravel Track) with a strong focus on React.js. Experienced in translating complex UI/UX designs into clean, maintainable code with emphasis on component architecture, accessibility, and frontend performance.

PROJECTS

E-Commerce Web Application (React)

Frontend Developer — Self-initiated Project

- Architected a responsive e-commerce platform using functional components and reusable React Hooks.
- Integrated RESTful APIs for product listings, cart management, and order workflows.
- Optimized application performance using lazy loading and memoization techniques.
- Implemented client-side routing with protected and public routes using React Router.
- Ensured accessibility compliance through semantic HTML and keyboard-friendly navigation.

Task Management Dashboard (React)

Frontend Developer — Self-initiated Project

- Developed a Kanban-style task management system with full CRUD functionality.
- Implemented persistent state handling using Context API and browser storage.
- Added filtering, sorting, and pagination for efficient data management.
- Designed responsive layouts optimized for productivity-focused user flows.

Angular Fundamentals Web Application

Frontend Developer — Training Project

- Built small Angular applications using components, services, and modular architecture.
- Implemented basic routing, data binding, and component communication using TypeScript.
- Used Angular CLI for project scaffolding, builds, and development workflow.

SKILLS

Core: JavaScript (ES6+), TypeScript, React.js (Hooks, Context API, React Router)

Styling: HTML5, CSS3, Responsive Design, Flexbox, CSS Grid

Tools & APIs: Git/GitHub, npm, Vite, RESTful API Integration, Postman

Backend Awareness: PHP, Laravel, MySQL

EDUCATION

Information Technology Institute (ITI)

Professional Diploma — Full Stack Web Development (PHP / Laravel Track)

2025

Helwan University

Bachelor of Engineering

2022

TRAINING & CERTIFICATIONS

- **DEPI — React Web Developer Track:** Component architecture, Hooks, routing, and frontend performance optimization.
- **EFE Egypt — Full Stack React PHP:** Frontend React development with backend integration using PHP.
- **Orange Digital Center — MERN Stack:** MERN fundamentals with focus on React and REST APIs.

ADDITIONAL

Military Status: **Exempt** | Availability: **Immediate** | Interests: **UI Performance, Accessibility, Component Design**
